PORTFOLIO 2018-19
COLOUR CORE PVC LAMINATES
MADE IN INDIA

OUR PHILOSOPHY

MISSION

To be the standard by which all interior products companies define themselves - globally admired for our people, partnerships, quality, and innovation.

VISION

Be a global market leader through innovation and customer focus, while building a culture of continuous improvement.

VALUES

Health, Safety & Environment -
Be Safe and Think Before You Act.

Honesty And Integrity -
Honour Your Commitments Without Compromise.

Respect People & Diversity -
Communicate Relentlessly and Engage The Entire Team.

Learn, Improve & Innovate -
Create Differentiation and Value

Responsibility, Accountability & Performance -
Empower and Trust the Team

Entrepreneurial Spirit -
Be Passionate, Assertive and Own the Results

COLOUR CORE PVC LAMINATES

ABOUT US

Alluring, smart, enduring and graceful solutions for Home Décor

Manufacturer of Superior Quality, Decorative Adorable Flexible PVC Laminates

Meraki, Innovative Products is one of the most trusted manufacturer of PVC Laminates, manufacturing PVC Laminates in different styles in Metallic, Laser, Designer Prints, High Gloss, Rustic Collection, 0 Gravity Range, Texture, Wood Grain, Soft/Super Matt, Marble and Fabric. As one of the leading Manufacturers, Exporters and Suppliers of PVC Laminate Sheets, we facilitate huge variety for our discerning and growing clientele across India and beyond. To meet the enormous demand for our products, we bring a highly-efficient manufacturing unit, where our employees carry out the manufacturing process in the most efficient manner. We cater to bulk orders from clients from all over the world.

Innovative Products is a widely sought-after name amongst manufacturers of PVC Products. We have been operational from Sonipat, Haryana, since 2015.

Exclusive Features

- Unique 90 Degrees Bend Flexibility
- Non-Toxic
- High Gloss
- Water Resistant
- Termite Proof

MERAKI PVC LAMINATES
with 90° Bending Technology

Normal Laminates
with Edge Band Tape

Kindly use **V-Groove Cutter**
to bend the laminate at 90 Degrees.

AN ISO 9001:2015 CERTIFIED CO.

Certification of Registration

M/s INNOVATIVE PRODUCTS

ADDRESS : PLOT NO. 205 , HSIIDC INDUSTRIAL ESTATE , PHASE-1, BARHI,
SONEPAT, HARYANA, INDIA

QA CERTIFICATION SERVICES PVT. LTD.

Certify that the quality management system of the above organisation has been audited and found to
be in accordance with the requirements of standard detailed below.

ISO 9001:2015

MANUFACTURER OF PVC LAMINATES

Certificate No:- Q-IP-07.17.061

This certification was conducted in accordance with the QA Certification Services Pvt. Ltd. auditing and
Certification procedures and it is remain valid subject to annual surveillance audits.

Certificate Issue Date: 21st September 2017
Date of Initial Registration: 21st September 2017

Certificate Expiry Date : 20th September 2020
Certificate Expiry Date:- 3 Years

Further clarification regarding the scope of this certificate of ISO 9001:2015 requirements may be obtained by consulting the organization
To Check the certificate validity please

TECHNICAL SPECIFICATION

Thickness : 1.2mm ($\pm 10\%$)**Standard Sheet Size :** 8'x4'**Range :** These laminates come in a wide range of designs & colours.**Adhesive :** These laminates are easy to apply with the standard laminating system, including most of the conventional adhesives normally used with plastic laminates such as many water based and solvent based. We do not recommend the use of heat activated adhesives.**Lamination :** Proper substrates must be used and careful bonding procedures must be observed. Substrates should be of good quality plywood, high density particle board, or high quality board. The face of the substrate must be smooth and free of grease, wax, dust, chips and other foreign matter.

We DO NOT recommend any kind of coat like PU base, melamine, lamination (wax) on our products. These products are manufactured from natural resources. Therefore this application will spoil the originality and natural beauty of the laminate sheet.

Cutting & Installation : These laminates can be cut, routed and drilled, with most standard wood working tools or equipments. All blades must be sharp. To remove any blurs that may occur in the cutting process, we recommend the use of smooth file to feather all corner edges.**Bending and Forming :** These laminates can be bend and all radius bending should be handled in the same manner as all grades of non post forming decorative laminates.

Use only V-Groove cutter to bend the sheets at 90 Degree. In case of any difficulty, please contact us.

Maintenance : Any cleaning agent containing acids, alkalis or abrasive should not be used to clean the laminate. Exposure to sunlight should be avoided.

Note : Meraki warrants that all its products are free from manufacturing defects and perfectly ideal for use in normal conditions. In case of any claim, the liability of the company is only limited to the cost of the product only. There may be color variations from batch to batch. The sample swatches here only represent the designs, colors and finishes. They do not represent actual thickness.

KINDLY REMOVE THE PROTECTIVE FILM AFTER 7 DAYS OF INSTALLATION OF LAMINATES.

OTHER FEATURES

**1** WATER PROOF**2** FIRE RETARDANT**3** GLOSSY SURFACE**4** TERMITE & PEST PROOF**5** LONG LASTING**6** CARPENTER FRIENDLY**7** 90° BENDABLE LAMINATES
